COLLEGE FOOTBALL STAR SPEAKS AT HI-Y BANQUET

**Paul Green Gives Some Good
Suggestions to Boys at
Gathering Last Night**

Fight to the last ounce of strength, use team work to the highest degree, and use your head—such was the terse advice given by Paul Green, stellar end for the U. S. C. football team, to the members at the banquet held by the Hi-Y for the high school football team at the Presbyterian church last night.

After being introduced by H. L. Butterfield of Berkeley, Mr. Green lost no time in getting down to the facts of what constitutes a good football player, and the relation of football to life.

The banquet was given by the Hi-Y to the football team as a compliment at the close of the season, the team being highly commended for the creditable showing it has made in playing a good clean game.

The banquet room was decorated in the school colors. After the Hi-Y orchestra composed of Ralph Horebeck, piano; William Strong, saxophone; Alvin Brown, banjo; Herbert Bruck, violin, and Billie Tressler, drums, gave two selections, a prayer was offered by Rev. Louis Tinning of the Presbyterian church, and the gathering then sat at the tables arranged in the form of a "Y."

For the next half hour enjoyed one of the sumptuous banquets that the Hi-Y serves once a month.

President Wood Presides

Dale Wood, president of the Hi-Y, acted as toastmaster during the evening and after expressing his appreciation for the sympathy shown to him and his family during the recent bereavement in the death of his father, William F. Wood, Maynard Toll was called upon and gave a few words of welcome and appreciation for the football team. Atwood Dutcher, captain of the team, responded, thanking the Hi-Y for the banquet.

Coach N. C. Hayhurst spoke for the team, saying:

"There are many things in playing football besides winning games. This year we were well up in percentage at the close of the season; the men were pulling for good scholarship, and pulling for better, cleaner sports—endeavoring to have the best it had, and it takes a good man to do this, and that is just what the Hi-Y is working for."

"We started out with green material and we made an excellent showing. One thing I noticed in particular about the team—at no (Continued on Page 2).

Glendale Midgets Will Meet Huntington Park

More than half of the members of the student body of the local high school are planning to accompany their championship lightweight football team to Huntington Park tomorrow afternoon, where they will take up with the 130-pounders of that city in the semi-final playoff for the Southern California interscholastic championship. The Red and Black "midgets" have sailed through the entire season without once tasting the dregs of defeat and Coach Butterfield has them "rarin' to go" after a rest of three weeks, during which time they have gone over their signals and pet plays until practically every member of the squad can say them in his sleep.

Considerable interest has been aroused at the local institution regarding this afternoon's game between Pasadena, pennant winners in the city league, and Fullerton, who copied the glue in the Orange Belt circuit. The winner will be scheduled to hook up with the victor of the Glendale-Huntington Park fracas in the final game, and it is difficult to argue with students of Mr. Moyse's emporium of knowledge that Glendale will not be that team.

HIGH SCHOOL SITE IS DISCUSSED AT MASS MEETING

**Association Is Formed and
Officers Chosen; Support
Given Grey Property**

At a mass meeting held at the Central avenue school last night the proposition of the John R. Grey site for the Union High school was discussed by several speakers, after which an organization known as "The West and Northwest Glendale Improvement Association" was formed, having for its declared object the further improvement and advancement of the west side of Glendale.

Officers elected for the association are: O. M. Newby, president; Mrs. E. H. Botsford, secretary and treasurer.

An enthusiastic meeting is reported and one of the actions taken was to approve the Grey site for the new Union High school. Many speakers were present at the meeting and gave their views on the proposition, among them being Mrs. Alexander Mitchell, O. M. Newby, Mrs. George L. Larkey and Peter L. Ferry, the latter speaking in favor of the city making improvements on both sides of the wash from the east side to the west side of Glendale, Mr. Ferry saying this would be one of the biggest improvements and helps for the city.

Number of Talks Made

The other speakers addressed the gathering on the subject of school sites and were of the opinion that the present site would do for two more years, but that the Grey site should be selected, as it would require two or three years to build a proper high school for Glendale.

It was announced by the officials of the new improvement association that other meetings would be held in various sections of west Glendale soon to discuss the high school site.

During the evening the meeting enjoyed several piano numbers by Miss Alma Geiger, and a vocal solo by Alice H. Fairsh, accompanied by Lillian E. Litch.

The guests numbered twenty-five, many of whom were from Hollywood and Los Angeles. Glendale guests included Mr. and Mrs. Whipple, Mr. and Mrs. John F. Tassmere, Mr. and Mrs. B. A. Young and B. W. Shipman, all of whom are members of the neighborhood club, the "Jolly Eight."

Eloise Truitt Hostess to Junior Auxiliary

Miss Eloise Truitt of 317 West Doran street was hostess Saturday night to the members of the Junior auxiliary of the Glendale Music club, of which Miss Veda Knapp is president.

Whether or not the attorney general is asked to decide on the constitutionality of the measure will depend upon Secretary Mellon's report, it was stated.

FOUR AMERICANS HELD FOR RANSOM AND THEN FREED

WASHINGTON, Nov. 22.—Four Americans were captured by Mexican bandits at Santa Eulalia, near Chihuahua, on the night of November 9 and held for two hours, the state department announced today. The captured Americans were Mr. and Mrs. Edgar Butts and Willard Benham, employees of the American Smelting and Refining company, and Miss Mary Long, daughter of a former American consul. A demand for \$5,000 ransom was made, but the Americans were released within two hours without payment of the ransom.

ADDITIONAL FLOOD DAMAGE EXPECTED TO RESULT

PORTLAND, Ore., Nov. 22.—The terrific sleet storm which held the Pacific northwest in its grip for two days appeared to have abated today, but additional heavy damage is expected, due to floods. Main line trains of the Union Pacific, Southern Pacific, and the Spokane, Portland and Seattle railways leading into Portland are still demoralized. Nearly 10,000 telephones have been put out of commission in this city. The rapidly-rising waters of the Willamette river have menaced bridges here and it may be necessary to close them before the day is over.

GIRL GIVES FURTHER TESTIMONY IN ARBUCKLE CASE

SAN FRANCISCO, Nov. 22.—Alice Blake, second of the state's star witnesses in the manslaughter trial of Roscoe ("Fatty") Arbuckle, again took the stand when court opened today. A statement she made shortly after the death of Virginia Rappe to Detective Griffin Kennedy was produced by Captain of Detectives Matheson for the defense and was read into the record by the defense for the purpose, Counsel McNab announced, of "refreshing the memory of the witness." The way had been paved for this late yesterday by a question as to whether her memory of the events at the Arbuckle party was better shortly after it occurred than now. She said her recollection was probably clearer then. The statement proved little different from her story on the stand late yesterday. The state endeavored to introduce all statements made by the witness but defense successfully objected. Joseph Rideaux of Los Angeles was the next witness called. He testified to Miss Rappe having taken physical exercises under his direction for over weight. For the first time since the trial opened Minta Durfee Arbuckle, wife of the famous film star, was not in the courtroom when the day's proceedings opened. A big crowd was again present today. A large squad of officers kept them well in hand. Admission was by card only.

WOMAN JURY TO BE SOUGHT BY ATTORNEYS FOR BURCH

LOS ANGELES, Nov. 22.—It developed when the trial of Arthur C. Burch, charged with the murder of J. Belton Kennedy, started today in Superior Judge Reeve's court that a woman jury will be sought by the defense attorneys. It was learned that Paul W. Schenck, chief counsel for Burch, will endeavor to have as many women as possible on the jury in the belief that the feminine mind will be readily capable of discerning the points raised in Burch's behalf. Schenck's aim to have a majority of women on the jury seemed likely to be fulfilled as forty-four women were included in the panel of sixty-three prospective jurors summoned to Judge Reeve's courtroom for the beginning of the trial. Attorneys for both the state and defense were of the opinion that three, or possibly four days, will be required to obtain a jury. This means that the taking of testimony will not begin until next week, in view of Thanksgiving day, and the usual Saturday holiday leaving only tomorrow and Friday available for court sessions this week. On the way to the courtroom Burch laughed and chatted with guards and ignored the stares of a large crowd in the street. In the courtroom he shook hands with his father, the Rev. W. A. Burch. An eleventh hour attempt to have Mrs. Madalynne Obenchain, indicted with Burch for the Kennedy murder, tried before his case was called, was made today. The motion was overruled by Judge Reeve, who decided that Burch go to trial immediately and continued Mrs. Obenchain's case indefinitely to follow that of Burch. Attorney Lecompte Davis, acting in place of Charles E. Erbstein, now in Chicago, and Ralph R. Obenchain, Mrs. Obenchain's former husband, appeared for her.

LOCAL ELKS SWELL CHARITY FUND BY TURKEY EVENT

**Several Hundred Birds Are
Awarded and Money for
Needy Folk Secured**

More than 600 Elks, of whom about one-tenth were members of lodges located in all parts of the country, were present last night at the annual turkey raffle, which is a means that is taken by the "Bills" each year to swell the Christmas charity fund of the organization.

Last night's affair was one of the largest and best conducted events that has ever been staged by No. 1289, several hundred dollars being netted for the purpose of making the coming Yuletide an occasion of rejoicing for many needy San Fernando valley families.

A total of more than 200 full-grown, juicy Thanksgiving dinner birds were taken home by the many fortunate members of the club, while a large number of improvised "rain checks" were issued to the holders of the lucky tickets when the supply of fowl had been exhausted. The "rain checks" were redeemed with turkeys this morning.

To Visit Ventura

The regular weekly business and social meeting of the lodge was held prior to the turkey raffle, a number of special announcements being made by the heads of various committees.

Particular stress was laid on the announcement of the presentation of a charter to the Ventura lodge, which will take place in that city on Friday, December 2. As more than 100 of the members of the Glendale lodge will become charter members of the "baby lodge," a considerable amount of interest has been stimulated here, with the result that a large delegation from this city will witness the installation of the new unit of the order.

Exalted Ruler Alfred F. Priest and Past Exalted Ruler Albert D. Pearce have been chosen to officiate in the ceremony, which will take place on the evening of the second and the day of the third.

An entertainment has been planned in conjunction with next week's meeting, at which the officers and a number of the members of Los Angeles lodge, No. 99, will be special guests.

TOURNAMENT FLOAT COMMITTEE WILL ASK CITY'S AID

**Plans for Display Are Now
Outlined and Will Be Pre-
sented to Council**

At the meeting held at 4:30 o'clock Monday afternoon in the Chamber of Commerce room by the committee in charge of Glendale's display for the Tournament of Roses at Pasadena, New Year's Day, it was decided that the committee should go before the city council at the next regular meeting of that body and outline the plans and learn what support would be given by the city.

The cost of the float was discussed and it was decided to present to the city council the general plans of the committee and the approximate cost of the design of the float, which has been suggested by L. W. Chobe.

The report to be made to the Chamber of Commerce at the luncheon at noon today was also discussed, and it was thought that after Mrs. M. L. Tight, chairman of the committee, and L. W. Chobe, who has charge of designing and decorating the float, had learned how much assistance would be pledged from the chamber, and from the city council, the actual work in getting the float ready would begin at once.

Organization Perfected

L. W. Chobe, who designed the float last year, "The Three Roses," the suggestion being given by R. F. Kitterman, has a suggestion for the float this year in organizing for its work the committee yesterday. Monday, afternoon appointed V. M. Hollister as secretary and R. F. Kitterman, treasurer.

The committee has planned to meet with the city council a few minutes before it holds its next regular meeting, Friday night, and after making a report, hold another meeting after the council has taken action on the matter.

The committee is composed of Mrs. M. L. Tight, chairman; V. M. Hollister, secretary; R. F. Kitterman, treasurer; L. W. Chobe, in charge of decorations; C. E. Kinlin, Dr. Jessie Russell, J. G. Huntley, Mrs. L. W. Chobe, and Roy L. Kent.

Improve Pacific Ave., Suggests W. B. Kelly

With the Pacific Electric railroad planning to establish bus lines in Glendale, the city should lose no time in improving Pacific avenue, says W. B. Kelly of the Kelly & Van Arsdol realty firm, 106 West Colorado street.

"The Pacific Electric railroad will soon establish bus lines in Glendale," said Mr. Kelly, "and the city should hurry improvements on Pacific avenue, especially between Broadway and California avenue, so that the bus line would have a straight run from Arden avenue and North Pacific avenue. I think the city should use every effort to see that these improvements are rushed along."

Here's Chance to Buy Some Municipal Bonds

Want to buy some bonds? Glendale is going to offer some for sale Thursday night. About \$22,000 worth provided in the swimming pool park issue voted some months ago.

As a general rule this city gets a good price for its municipal securities. L. C. Brand has recently purchased the \$4000 balance of \$260,000 bonds voted for water and electric light improvements. He paid par and accrued interest. He also accepted delivery on the \$30,000 municipal improvement district, No. 4 bonds, the money to be spent in the Grand View district.

Mr. and Mrs. J. E. Peck Are Again in Calexico

Mr. and Mrs. J. E. Peck and children, Winifred, Belle Vernon and baby James Eldridge, have returned to their home in Calexico, making the trip by automobile in a day. Mr. and Mrs. Peck came to Glendale in early September and have been with Mr. Peck's parents, Mr. and Mrs. C. E. Peck of 114 South Louise street for ten weeks. The baby son, who was in a serious condition when they came, improved remarkably fast, and returned home in a normal state of health.

stage of the game throughout the
whole season did it quit or show a
sign of wanting to quit, even though
the score was against it, the highest
being 14 to 0.

"There were times I think when
the opposing teams played a little
questionable, but the Glendale team
played a good straight game from
start to finish every minute it was
on the field, and that is one of the
big things we work for in football;
it is one of the big things in life, and
it is right along with the same things
the Hi-Y is doing. It makes for a
bigger, better and cleaner man."

Spirit of California
Ralph G. Cole, state Y. M. C. A.
secretary for boys' work, responded
with a few remarks, saying:
"I feel the same spirit here as I
did at the big game last Saturday;
it is the spirit of California. I want
to congratulate the Hi-Y bunch here,
and the Hi-Y of the state, with more
than 4000 members on the work it
is doing. I hope to see many of
you at the Older Boys' conference at
Santa Barbara this week-end, for
you will get much good from it. And
then, too, the citizens of Santa Bar-
bara are planning a royal welcome
for the delegates, with a big barbe-
cue, and all the trimmings. I hope
to visit Glendale again some time
soon and outline to you more fully
the work we are doing."

Football Star Speaks
After expressing his appreciation
for being given the privilege of ad-
dressing the Hi-Y boys and football
team, Paul Green, the speaker of the
evening, said:
"In speaking of football and its
relation to life, there are three es-
sential things. These I learned from
a coach in the high school. They
are, as he used to put it: 'Right
team work and team work.' The
same is true in life. It is right, use
team work, and use your head. You
follow him when you get through
with your high school work here
you know it all; you will no doubt
think you are 'some pumpkins,' to
put it, after fashion, but believe
me, when you go on to college or get
out in life you will get the surprise
of your life. Your head may be ex-
panded. Life, you will find, has a
way of getting rid of that; and if
you go on to college you will get
the water cure."

Secure Broader Vision
"As for team work. Make friends
of as many as you can; get in touch
with all you can. For it will broaden
your vision. Take some of them
into your confidence, though not too
many. When you meet competition
in business pretend your opponent is
playing quarter-back on one team,
and you are playing quarter-back on
the other. Keep your head up, look
every man squarely in the eye, and
play a clean game."

"As for team work, get right with
God. Perhaps you don't realize it
now so much as you will after a
while. Remember that success does
not come from winning. At that
Stanford game we learned more
that afternoon than we did in two
years before."

Think for Yourself
"And don't forget headwork.
Think for yourself; don't let some
one else do it for you. Pattern after
the man on the field who never gets
fidgety, but keeps cool and collected,
and then when the right moment
comes, executes the big play and
wins the victory."

The gathering was dismissed with
a word of prayer by S. E. Murphy.
Those attending the banquet were:
Rev. Louis Tinning, N. C. Hayhurst,
Ralph G. Cole, Carl C. Seitter, H. L.
Butterfield, Rex C. Kelley, Paul
Green, Dale L. Dutton, Lauffman Jeter,
Alwood L. Dutcher, W. S. Shinner,

A FROG CONCERT
As I sat on the piazza that even-
ing, I noticed first an ominous ab-
sence of bird voices, and next the
presence of a numerous frog popula-
tion about the little lake close by.
The musical performances of these
vocal reptiles began about sunset
and increased in volume and power
till nothing else could be heard. If
all the thrushes in the state had as-
sembled in that spot and sung their
loudest, they could not have been
heard above the awful volume of
frog voices.—Olive Thorne Miller.

COMMENT
THAT'S ALL

Glendale—Most Desirable
Read of Disarmament
They Come From Where?
One Punctual Little Girl

By Gil A. Cowan

ANNOUNCEMENT is made today
that several of the largest sub-
division firms of the country
have started a campaign to "sell
Glendale."

Coming from Minneapolis, Chi-
cago and elsewhere this new blood
promises to do things unheralded in
the way of promoting Southern Cal-
ifornia stock.

Very fine, indeed. But, already
there are great real estate men here
and they have been looking to the
day when the east would truly rec-
ognize this field as the most fertile
for investment.

It seems that their hope is to be
realized. And every person who
purchases property from a sub-
divider is a potential purchaser of
other real estate, and homes, and
clothes, and food.

To the F. P. Newport company,
whose Verdugo Woodlands property
has brought world-wide attention to
Glendale, to Charles B. Guthrie,
whose indomitable work as a sub-
divider, to Edwards & Wilkey, to
Cameron De Hart Thom, yet, and a
score more, go the credit for pio-
neering and proving the property
here to be the most desirable in
America.

Some wonderful statements are
coming from the disarmament
conference at Washington.

Brian of France, for instance,
yesterday told why his country must
have standing armies sufficient to
overwhelm enemies at a moment's
notice.

If the student would understand
world affairs as they have never be-
fore been presented in text books
read daily every line written by the
correspondents at the disarmament
conference.

Therein you will find history,
economics, politics, diplomacy, naval
science, geography and other equally
important and interesting subjects
that a course in college could not
excel.

Another little study which may be
conducted right here at home in
Glendale is "Where do they come
from?"

That phrase refers to the tourists,
hundreds of whom one date appear-
ing in twos, threes and twenty
other varieties of summy styles—
for they cannot be convinced this is
"winter."

Of course, Glendale is glad to
have them and they are glad to be
here, and the only thing that keeps
more from coming here is the pre-
sent lack of a tourist hotel, but the
question remains: "Where do they
come from?"

In that question there is a double
meaning: First, people like to study
others and learn how well they can
guess the approximate place of an-
other man's nativity. Secondly, there
is hardly anyone here who hasn't
himself come from some other place.
And their friends from there they
want to hear about.

Did you ever see two cronies from
Mason City, Ia., talk and talk and
talk, and tell about how old man
McNider's son Hanford would be a
credit to his country some day—
like being the national commander
of the American legion now?

Some little girl wants to get to
school on time.

And while papa and mamma can
afford a telephone, it is very evident
they have no clock.

At least, the clock they have isn't
so good as the one at the Glendale
Evening News office.

So it is that every morning a few
minutes after 8 o'clock the telephone
rings and a cherubic voice asks:
"Would you please tell me what
time it is?"

**Christian Influence in
Colleges Needed, Claim**

COLUMBUS, Ohio.—"One of the
worst things that could happen to the
universities of the United States
would be the withdrawal of the
Christian influence," declared Dr. W.
O. Thompson, president of Ohio
State university.

"It should be carried further, into
the high schools as well."

"We cannot leave religion out of
the lives of these young people at
the very time when the purposes of
life are being formed and decisions
are being made."

"Last year we had over 2,000
Methodists in Ohio State. We had
more than 1,400 Presbyterians. There
are many schools of both these
denominations with less students
than that. The church cannot give
them a four-year vacation from
church service and care."

The state university represents the
state. But it represents only the
best ideals of the state, not the
worst," President Thompson said.

A SUBSTITUTE FOR SPURS
HONOLULU — With "horseless"
field artillery how can a field artil-
lery officer with propriety wear
spurs and carry a riding crop, and
without these articles of personal ad-
ornment what does life hold of joy
for an artilleryman?

These are the questions the commis-
sioned personnel of the field artillery
branch of the service stationed in Hawaii
since that arm became "motorized."

A return to the swaggy stick ap-
pears probable as one way out, but
for spurs no satisfactory substitute
is in sight.

A room that is overcrowded and
hung with heavy draperies is bad for
health. A bedroom should have
plenty of windows and they should
be kept open during the night.

MINNEAPOLIS FIRM
ENTERS IN LOCAL
REALTY FIELD

Choice Residential Section to
Be Put on Market; Right
in Groves of Oranges

In Minneapolis they have the repu-
tation for doing things.

Men from Minneapolis who have
done things have invested in Glen-
dale, buying the Fitz tract and most
of Meeker's ranch on Colorado boule-
vard in the vicinity of Verdugo Road,
a choice residential section of Glen-
dale.

Together these tracts will be
placed on the market under the
name, "Meeker's Orange Manor."

It was at the Meeker ranch that one
of the first roadside stands in south-
ern California made its appearance.
These hospitable people, in the early
days when motorists were few, had
their colored maids serve orange
juice and sell the ripe oranges from
the ranch to the tourists.

That idea has spread until almost
every highway and byway has its
colored fruit markets. However,
that is aside from the development
which is taking place today.

Fine Setting for Homes
Streets are being pushed through
the low lying groves of oranges and
in this beautiful setting residential
lots with suitable restrictions will be
sold those people who want to make
their home in the heart of southern
California.

The purchasers of this property
which is being subdivided, it might
be explained, are Thorpe Brothers of
Minneapolis, nationally known real-
tors, and Warrick & Knapp, also
well known for their real estate activ-
ity in Minneapolis. Mr. Thorpe, the
senior member of the former firm,
for years was president of the Na-
tional Board of Real Estate Ex-
changes and is probably the best
known real estate man in America.

It is said to be his faith in Glendale
and property here, combined with
the assurance of his associates, that
brings the sales force of the Riddick
& Driver company to Glendale to
handle the sales.

Arthur G. Munn
and H. J. Poppelman of San Fer-
nando engineered the transaction
bringing these big operators here.

Knows Realty Values
It is stated that Mr. Thorpe, who
was a dollar a year man, purchased
a major portion of the land used by
the government for army camp-
ments during the war, and was con-
sistent in the value he placed on the
country that he practically conducted
business from a Pullman car for
months.

Mr. Knapp, too, has had vast ex-
perience in the business of subdivid-
ing property, having operated in
Chicago and other eastern points.
Glendale, it is said, looks better to
him than any other place in America.

Mr. Knapp of the company which
will actually transact the sales here
was purchaser of real estate for
Armour & Co. of Chicago, and has
every confidence that his experience
will serve him well in dealing with
the people of southern California.

STAINS ON HARDWOOD
A mixture of salt and olive oil will
remove white stains from hardwood
which are caused by hot dishes. The
dry spot is covered thickly with salt,
and then as much olive oil is poured
over as the grains will take up. This
stands over night, and in the morning
the discoloration should be briskly
rubbed with the mixture, which is
then wiped off. If there is still any
trace of stain, the application is re-
peated, again standing for hours.

"SPORTING ONE'S OAK"
"To sport one's oak" is a phrase
signifying that one is not at home
with visitors. The saying originated
at the English universities, where the
students' chambers have two doors—
the inner and an outer one. The
outer door is made of oak, and when
this is closed or "sporting" it denotes
either that the occupant of the apart-
ment is out or that he does not wish
to be disturbed.

Political economy (the economy
of a state, or of citizens), consists
simply in the production, preserva-
tion, and distribution, at fittest time
and place, of useful or pleasurable
things.

STYLISH HATS AT
PRICES THAT MAKE
WOMEN THANKFUL

Since Gilbert's Millinery opened at
123 N. Brand Blvd., near the T. D. L.
Theatre in Glendale, many wonder-
ful money saving values have been
offered in women's millinery, but
never has such a special been ad-
vertised to Glendale women as is now
offered in a shipment of thirty-six
trimmed hats received today, which
will be put on sale this afternoon and
Wednesday at the low price of \$5
each.

Most of these hats were made to
sell at \$12.50 each, and the balance
at \$15, and a glance at the window
display will easily prove how attrac-
tive these chapeaux really are. As
the number on sale is limited to
thirty-six, it will behoove every wom-
an who wants to take advantage of
this Thanksgiving bargain in mil-
linery to secure first choice by call-
ing at Gilbert's as soon as possible
after seeing this notice.—Advertisement.

ATONEMENT?
When William Butler Yeats was a
boy, his family moved from Dublin to
Bedford Park, as he relates in the
Dial. Yeats says, incidentally, that
he was not much of a churchgoer, but
that he must have gone a few times
because he remembers very clearly a
wooden sign which hung in the
church porch: "The congregation
are requested to kneel during
prayers; the kneelers are afterwards
to be hung upon pegs provided for
the purpose."

CHINESE CONDEMN BRIBE
There is a famous Oriental saying
condemning bribery. It is said that
an ancient Chinese sage who lived in
the Second century was offered a
bribe. His silence being accepted as
hesitation, he was assured that he
was perfectly safe, as no one knew
it. Earth knows it. You know it.
I know it. How can you say that no
one knows it?

Julia was quite fond of using big
words. One evening at a party some-
one asked her where her mother was
and she said, "Well, I guess she
must be circulating around here
some place. I came with her."

"What Glendale needs most is
more street improvements," says A.
M. Yale of the Yale Brothers' Realty
company, 249 North Brand bou-
levard. "Right now the particular
need of the west part of Glendale is
pavement throughout Pacific avenue,
and that thoroughfare should be
electrified, too. With a city having

ahead and doing plenty of improve-
ment work, and right now is the
time to do it."

NOT EXACTLY
Aunt Jane, who was a spinster,
came to visit her sister and family
of four children. And from the very
first auntie was very much given to
offering advice to her sister on the
way to feed, dress and treat her chil-
dren generally. The sister listened
in perfect good humor, but not so
Sally, her efficient helper. And
frankly, Sally said so. "Look here,
Miss Jane," she began, "what do old
maids like you and me know about
raisin' children? We ain't never had
none and a person has to have chil-
dren to know how to raise them."

Aunt Jane smiled a tolerant smile.
"Oh, not always, Sally," she returned.
"Now take those little chickens out
there. Don't you think you know
more than their mother? You feed
them?"

CAT MOTHERS FOX PUPS
An Ontario reader writes that her
cat fostered three fox pups since they
were two weeks old. The pups were
taken from the mother because it
was feared they might chill. The
cat had five kittens which were dis-
posed of, and the foxes were promp-
tly adopted in their place. The foxes
are now over three months old and
although larger than their foster
mother, are still fond of her. They
are kept now in a wire pen and kitty
is quite content to remain with them
all day long, enjoying an occasional
frolf.

REMOVING MILDEW
Chloride of lime, used intelligently,
will remove mildew. Do not use
too much. A teaspoonful to a small
tub or pail full of water is plenty. Be
sure lime is thoroughly dissolved, or
better still, tie it up in a stout piece
of cloth and run water onto it, press-
ing the cloth with a stick; then allow
it to float in tub. Immerse article
to be cleaned and allow to stand
several hours. Remove and rinse
thoroughly in several waters. Repeat
if necessary, but do not increase the
quantity of lime, as it will eat the
material.

CANCER OF TOENAIL
One of the rarest diseases known
is cancer of the nail, only four cases
being on record. The most recent
one is described by Dr. Carlos Chagas
of the medical college of the Bello
Bello Horizonte, Brazil. It is
that of a laborer, aged 60, who had
it on the nail of his right great toe.
The toe was amputated and the man
apparently cured, disappeared. The
toe was examined microscopically and
confirmed the diagnosis.

WEIGHING WITHOUT SCALES
The resourcefulness of the Irish is
shown in their method of weighing
without scales. "To weigh a pig,"
said an Irishman the other day, "all
ye have to do is to lay a plank across
a saw horse, place a big stone on one
end of the plank and the pig on the
other, then shift the plank until the
two things balance. Then ye guess
the weight of the stone and ye have
the weight of the pig."

The Pacific Electric runs twenty-five trains from Burbank to Glendale and Los Angeles daily with stops at Glendale Gardens. OLGA STEEB GIVES PLEASING PROGRAM FOR LOCAL CLUB

Noted Pianiste Wins High Praises With Excellence of Performance Today

A whole household of people are enjoying Olga Steeb this afternoon at the Tuesday Afternoon club and their invited guests are listening to one of California's most renowned pianists, and they are comparing her work with the reproduction of Knabe Ampico. The treat is made possible by the Barnes-Shuck Music company. Of course, there is particular pride in Miss Steeb for she's a native

NEW OIL FIELD IN MEXICO

MEXICO CITY—An important new oil section has been found, according to reports received here, at Chicoy, a point on the railroad to Monterey, about twenty miles north of Tampico. Oil, it is said, has been found at a depth of 1500 feet, making the drilling of wells much less expensive than in the other fields adjacent to Tampico. A number of new wells have been brought in at Chicoy and early reports indicate that the field may be great enough to take the place of the areas in other sections which have felt the encroachment of salt water.

Californian, but equally as much pride may be justly shown by the owners of the Knabe Ampico. While it takes the plaudits of great audiences to thrill the artists, the concerts are made possible in your own comfortable parlor by the scientific human reproduction.

TWO DEADLY RIVALS OF AUTO RACING MEET THURSDAY

Thanksgiving Day Event on Speedway Will Draw Big Crowd, Is Predicted

Tugging at the leash, champing at the bit, trembling at the throttle or whatever it is that race drivers do just before racing, something like a dozen of the greatest pilots that ever twirled a wheel are awaiting the starting flag on Thanksgiving day that sends them on their 250-mile dash at the Los Angeles speedway.

After wearing out half a dozen high speed stop watches clocking the burning speed of the drivers in practice, Secretary A. M. Young of the Speedway association, has ordered the big bowl bathed in pyrene and has taken out a lump of extra fire insurance on the track. It certainly looks like a rapid event.

Two deadly rivals of the racing game are prepared to put up a final struggle for the speedway crown of 1921. Tommy Milton, veteran of many a season, led in the A. A. A. point score for three-quarters of the year, only to have that persistent young person, Roscoe Sarles, ease past him on the home stretch.

Great Struggle Expected

Staggering Chickens Aroused Suspicion of Federal Authorities

COLUMBUS, O.—That Miles Dague's chickens staggered when they should have strutted, flopped when they should have flown, and giggled when they ordinarily cackle are claims made by neighbors, who also detected the smell of alcohol.

When Federal officers, upon solicitation of neighbors, visited Dague's place they found a still and some mash.

"That isn't for making whiskey," said Dague. "I've found that my hens will lay two or more eggs a day when I feed them that kind of mash."

The Federal officials, however, decided that Dague should account in Federal court for the situation.

SHOULD MAKE FINE DINNER

EFFINGHAM, Ill.—As Thanksgiving approaches the minds of all naturally turn to turkey. As two men out hunting possum at night near here came upon twenty turkeys tied in bunches of four and an automobile waiting nearby they turned to investigate. When the good Samaritans returned with the owner the number of turkeys had been reduced to four, and the waiting auto had taken a turn in the road. It's your turn. Who got the big feed?

would be like reading off the Blue Book of Speed. They're all there, and all raring to go. Eddie Hearn, holder of the world's competitive record made at the Cotati track a few weeks ago, Eddie Miller, Wild Wilbur D'Alene, Jerry Wonderlich, and a half dozen others are waiting the starter's flag.

Prospects for a brand new record are regarded as of the best. Murphy, in winning the opening race, set a record which Sarles, in winning last year, failed to equal by only a fraction of a mile per hour. With every thing pointing to even closer competition this year than ever before there seems to be no reason for fearing that the record won't go.

Big Crowd Is Expected

MUCH LUMBER TO JAPS

VANCOUVER—Japan is solving its serious housing problems. A building boom long held in abeyance by the war and subsequent depression is in full swing. Two hundred million feet of lumber has been sent to Japan in nine months. In normal years the average has been from 12,000,000 to 14,000,000 feet. In 1920 with the building boom in sight, importations totaled only 68,000,000 feet. Orders continue reaching the Grand Trunk Pacific railway. They are operating at full capacity to meet demands.

PLANS REVOLUTION OVER ALL RUSSIA ON BOLSHEVİK

Giant Uprising to Start in
Spring, Proposed; Leader
May Come to America

BY EDNA LEE BOOKER
Written for International News Service
SHANGHAI, Nov. 22.—Ataman
Seminov is planning for a giant
anti-bolshevik revolution to start
simultaneously all over Russia in
the spring of 1922.
Seminov's presence in Shanghai,
the veil of secrecy which has ob-
scured all his movements for the
past few months and the reason for
the numerous conclaves of leading
Russians in Shanghai during the
early fall were explained by the re-
velation made by K. W. Luchnich, for-
merly Russian consular judge in
Shanghai and now Seminov's confi-
dential adviser.

The Ataman hopes that the revo-
lution will put Russia back where it
was at the time of the overthrow of
the czar. The giant uprising planned
will have the combined backing of
all anti-bolsheviks, irrespective of
their past differences, according to
Seminov. Remnants of "white"
armies, the scattered hosts of Gen-
eral Wrangel, the tribes of the Trans-
Baikal, Pri-Amur and Urals and
Seminov's army will form the back-
bone of the revolution.

Says Army Marking Time
Seminov declared he is far from
"through" and that his army is
merely marking time until his re-
turn to Russia from the conferences
being held here. He expects the
Washington disarmament conference
to cause the withdrawal of the Ja-
panese from Siberia and the winter
out of the way, the fuse to another
fiery revolution to spread from Vlad-
ivostok to Riga, will be lighted by
the enemies of red rule.

Ataman Seminov has been making
elaborate plans to leave for America
shortly, returning here in the spring
but the refusal of the various na-
tional consuls to give him his passport
has postponed this plan indefinitely.

MOB OF WOMEN THREATEN

AKRON, Nov. 22.—A mob of
nearly 200 women attempted to
storm the Summit county court-
house here when the court imposed
sentence of one to twenty years in
the Marysville reformatory upon Mrs.
Hilda Lowe, who pleaded guilty to
flooding her infant stepson to death.
Cries of "Kill her!" and "Tear her
eyes out!" were heard and the
deputies hastily removed the prisoner
through a back door.

NO INCREASE FOR JAPANESE

WASHINGTON, Nov. 22.—The al-
lotment of warships to Japan made
in the Hughes proposals for disarm-
ament is very liberal and will not per-
mit any increase on warship tonnage,
as suggested by Japanese officials, it
was stated officially here. The
Hughes proposals are regarded by
the United States as "logical and
just," it was stated, and this govern-
ment is not in sympathy with any
efforts to "pick to pieces" the pro-
posals made.

ganized in Shanghai, China.

SOUTHERN GLENDALE (Tropico) DISTRICT

THEY SMILE IN GLENDALE

Southern California is the place
where people smile, according to A.
D. Sauer of Yakima, Wash., who ar-
rived a few days ago to spend the
holidays with his sister, Mrs. George
M. Stull, 1420 South San Fernando
road. He says that labor troubles in
Seattle and the closing of the lum-
ber mills and logging camps have
made things seem mighty dull in the
northwest, and that many of the in-
habitants are wearing long faces. He
is of the opinion that many tourists
are coming here this winter from the
northern Pacific states.

MAKES OFFICE ATTRACTIVE

"We are going to make this of-
fice just as attractive as we can,"
declared A. N. Fairchild yesterday,
commenting upon the new lawn
which is being started in front of the
office of W. A. Heitman & Co., 1737
South San Fernando road. "E. T.
Jenney is a landscape designer. He
has laid out some of the largest
places in the United States."

LINE OF RUGS OFFERED

A line of rugs has been added by
the Russell Furniture company,
1529 South San Fernando road. Mr.
Russell announced yesterday that
this had been necessary on account
of the number of calls being received
for them. He said that everything
for the home will be added as soon
as more room can be arranged.

D. B. TROWBRIDGE IS BUSY

"We have been busier than usual
for the past six weeks," declared D.
B. Trowbridge of the Glendale Car-
pet & Mattress Works, 1411 South
San Fernando road, yesterday com-
menting on the installation of some
machinery which is expected in a
week or two in order to take care
of the increasing business.

COMING HERE FOR WORK

Glendale is becoming famous
throughout the San Fernando valley.
A. J. Theilen of Theilen & Yaeger,
1418 South San Fernando road, re-
ported yesterday that tinsmith jobs
were being received from Hollywood,
Eagle Rock, Beverly Hills and else-
where.

VISITS FROM LONG BEACH

Mr. and Mrs. E. R. Best, 1317
South Central avenue, had company
Sunday from Long Beach, G. L. Mil-
ler and family and J. A. Cutting and
family being the guests.

TO MAKE HOLIDAY DISPLAY

B. V. Brashear, proprietor of the
South Glendale Variety Store, 1413
South San Fernando road, expects to
have all of his holiday merchandise
on display in about a week.

H. M. BRADBURY IN L. A.

H. M. Bradbury of the Glendale
Carpet and Mattress Works, 1411
South San Fernando road, was in
Los Angeles yesterday afternoon on
business.

POLO BECOMES POPULAR

CHICAGO—Polo is rapidly becom-
ing one of the most popular of sports
on the University of Chicago campus.
Every Tuesday is known as "Polo
Day" and students and residents
gather in a nearby field and engage
in spirited contests. The game is
now a part of the military curricu-
lum at the university. "There is
nothing like it to teach aggressive-
ness," said a major in charge of the
activities.

TRAGEDY RECIPE

Take one reckless, natural born
fool.
Two or three big drinks of bad
liquor.
A fast, high-powered motor car.
Soak the fool well in the liquor,
place in the car and let him go. After
due time, remove from the wreckage,
place in black, satin-lined box, and
garnish with flowers.

Milo Wheat

If you want something good to eat
Just try a meal of Milo Wheat;
You need not worry, the expense
To you will not exceed 3 cents.
Take notice what I'm telling you;
This includes Milk and Sugar, too;
'Twill satisfy, so you'll not feel
The least bit hungry 'til next meal.

Again, if This Food you should use
'Twill help to drive away the blues,
If one good meal you eat each day.
The cause of blues will pass away.
You will not go 'round looking sad
Because your indigestion's bad.

WORK ON LARGE MARKET

Rapid progress is being made upon
the large new store building being
erected for Robert Karr at the north-
west corner of San Fernando Road
and Brand boulevard. A great deal
of the masonry has been done al-
ready. About thirty men are at
work. A. W. Fairchild of the W. A.
Heitman Realty company, which has
an office across the street, is confi-
dent that the market to be located
in the new building will do a big
business.

"About 200 machines go by here
every ten minutes," he said. "You
can always count from 1200 to 2000
an hour. That is by actual count.
On Sunday it is the limit. Glendale
is getting to be a real, honest-to-
goodness city." Mr. Fairchild is
confident that southern Glendale is
going ahead with a boom.

LOOKS LIKE BIG HOLIDAY

"Toys are going fast," remarked
Mrs. C. L. Brenkman, 1510 South
San Fernando Road, yesterday. "Lots
of things have been laid away already
and it looks like a big Christmas this
year."

ROBERT DANNER IS OWNER

Robert Danner is now the owner

GET MARCEL WAVE AND---

COLUMBUS, Ohio.—It is pretty
generally agreed that beauty may be
stimulated by scientific treatment.
But, inquire a number of Columbus
residents, how can a marcel, or
shampoo, cause a girl to be credited
with a perfect percentage at her mid-
term or final exam? The query is
prompted by the following ad, in-
serted in a university paper:
"We are causing co-eds to pass 100
per cent exams. Our scientific way
of treating face and scalp stimulates
mental effort."

HAS IT HAPPENED TO YOU?

There was a large crowd gathered
around the overturned motor car,
while the excited driver was trying
to right things.

"Hallo!" suddenly called the
voice of a new arrival. "What's
the matter, Robbins—car turned
turtle?"
Robbins smiled with expressive
sweetness.

"Oh, no; not at all, old chap," he
replied. "These kids have wanted to
see how the machinery worked, so I
had the car turned upside down just
to please them."

THE GOLFING BIRD

"Who's the stranger, mother dear?
Look—he knows us—ain't he
quer?"
"Fush, my own,—don't talk so wild
He's your father, dearest child."
"He's my father? No such thing!
Father died away last spring."
"Father didn't die, you dub!
Father joined the golfing club.
But they've closed the club, so he
Has no place to go, you see—
No place left for him to ro—
That is why he's coming home.
Kiss him—he won't bite you child;
All them golfing guys look wild."

Founder of American Public Health Society Is Ninety-Nine Years Young

Dr. STEPHEN SMITH

(By International News Service)

NEW YORK, Nov. 22.—The American Public Health Society, which celebrated its fiftieth anniversary in New York November 14 to 18, was founded half a century ago by Dr. Stephen Smith, who was born on a farm in New York State February 19, 1823. Today, at the age of 99, Dr. Smith declares that a man is only a youngster until he is past 60.

Dr. Smith once suffered poor health until he discovered that he was eating too much. Since that time he has limited himself to a diet that consisted chiefly of vegetables, fruits, nuts and milk. He reads and writes without eyeglasses and attributes his good eyesight to the fact that he does not chew, smoke, or drink intoxicating liquors. His home is at Montour Falls, New York.

AHA! SHORT SKIRTS RADIANTFIRE WEEK ARE DEVISED AS IS MADE SUCCESS REFORM! WHAT? BY ADVERTISING

Yes, Indeed! Originally Made
to Keep Women From Being
Carriers Deadly Germs

By LEO T. HEATLEY
Written for International News Service
NEW YORK, Nov. 22.—The secret
is out: Short skirts are a reform
movement!

But the original reformers now declare their idea was carried too far. The twenty-fifth anniversary of the Rainy Day Club has just been celebrated here, and it was disclosed that the club was organized in the nineties to do away with the long, trailing dresses worn by women on the theory that they were unsanitary. Five or six business women wanted to abolish the fashion of sweeping the streets and dumping the dust on the parlor rugs at home. And so the short-skirt movement was born.

Mrs. A. M. Palmer, president of the club for the last twenty-four years, said the little group of serious thinkers decided to wear skirts four inches above the ground. "Wherever we appeared we were jeered at and hooted," she said. "Men would make sly remarks upon our appearance; women in carriages looked scornfully down on us and drew their own draped, trailing skirts more closely about them. We were looked upon as freaks. When we entered the temperance districts on charitable missions we were stoned by small boys. It was a dangerous and humiliating experience. Soon we had new members and a new club room.

Total of Eighty-six Placed in
Glendale Homes Result of
Brisk Campaign

Eighty-six heaters were sold during the Humphrey Radiant fire week here which was observed by the Southern California Gas company, according to Charles A. Nagle, salesman. The Humphrey people advertised in The Glendale Evening News throughout the week and Mr. Nagle finds results of this campaign still evident.

"People come into our showrooms on West Broadway and say: 'We saw the heaters advertised in the paper.' As the weather grows cooler I expect the demand to increase," he said.

"Another thing that I found to be advantageous was keeping the display open evenings. While few sales were actually consummated, many people came in and investigated the heaters while taking an evening stroll, and I believe they will be purchasers eventually."

WEATHER HELPS THINGS

This "coldish" weather is stimulating the sale of caps, according to W. W. Clark of Jackson & Clark, of 120 East Broadway. The other morning he had a call for mittens.

It is not talking but walking that will bring us to heaven.—M. Henry.

exposures now in vogue." And in the meantime the latest fashion edict from Paris is that short skirts will be worn no longer. That is to say, that, while remaining relatively short, the short skirt will no longer be worn, or at least—well, anyway!

GERMANS TO WATCH BRITISH ACTION AT ARMS MEET

Political Experts in Berlin
Think England and Japan
Will Direct Matters

BERLIN, Nov. 22. — Here, in broad outline, is an exposition of the views held by an influential group of German political writers on some of the issues at stake at the Washington Conference. The subjoined article is from the Muenchener Neueste Nachrichten:

"The Washington Conference is imminent, and never before in history has the British Empire been less prepared for fateful decisions than it is today. America wants a plain answer as to whether England intends to sit at the conference-table side by side with her Japanese ally or whether, for the sake of her American friendship, she will deliver Japan as a victim to American plans. England will find it so much harder to make a decision because the internal unity of the Empire and the future position of the mother country in its relation to the Dominions depend chiefly upon that decision. As a power in Asia England cannot afford to make Japan her enemy without surrendering herself. But if there remains, even beneath the surface, the slightest distrust between England and America the ties between England and her Dominions will automatically be loosened, and all hope for a naval agreement and for relief from the present economic pressure will be lost.

Debt Cancellation
"Much to the displeasure of the United States, British statesmen are agitating a general cancellation of debts as the only remedy for the well-nigh intolerable economic conditions existing in the world today. America has let it be clearly understood that she would consider such a proposition only at the price of an absolute, thoroughgoing political understanding with England.
"France has always been in a much better position, for she wants nothing of America except American sanction of the French European policy and, if necessary, America's support in carrying out that policy. France's strength as a military power on land is welcome to America as a means to bring pressure to bear upon England. During the last few weeks France has gained considerable ground in the United States through clever propaganda among the people and in American government circles. Certainly it is not for nothing that Briand resolved to take personal command of the French cause at Washington, nor is it in vain that the most famed of France's military leaders are wooing the American public in behalf of the French viewpoint.

England and France
"In these circumstances it is easy to comprehend that England, on the eve of the Washington conference, tried to draw France closer to her rather than repel her. Once again Germany—that is, German Upper Silesia—has been the common ground over which Britain and France shook hands. In making himself the executor of Clemenceau's will Briand has gained the greatest victory that could have been won against the British partner since Versailles.
"But even today probably no one in England doubts that this 'triumph' was a Pyrrhic victory, disastrous both to the victor and the vanquished—and the comedy of Versailles will have for its final catastrophe that will not even leave the world's overlords at Washington unshaken."

INCREASE RADIUM OUTPUT

LONDON.—A report from Geneva states that an Anglo-American syndicate has been formed with a capital of \$1,600,000 to improve and enlarge the radium factory at Joachimsthal, near Carlsbad. It is hoped to increase the annual output to four grammes a day. The largest portion is destined to go to British and American hospitals.

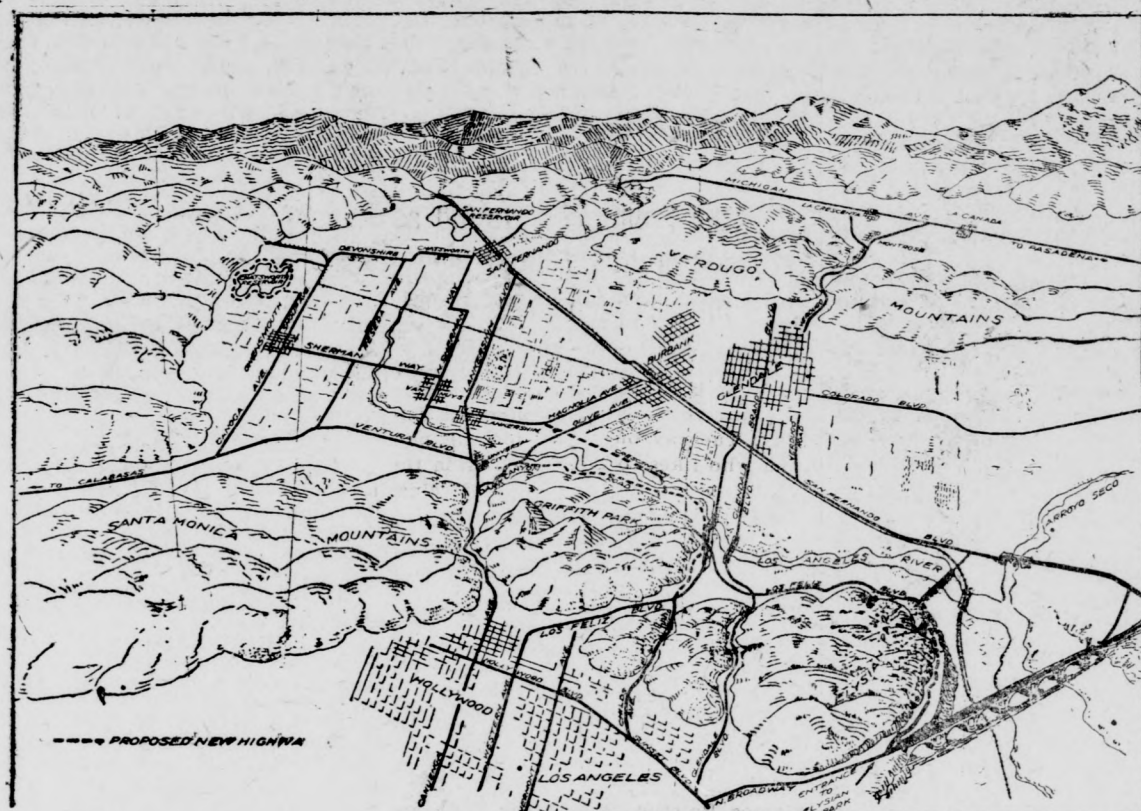

TRY TO PERFECT TANKS

LONDON.—Despite disappointing results of experiments with the new amphibian tanks, one of which recently sank in the River Thames while on its trials, the British government has announced its intention of proceeding to experiment with them.

The WORLD OVER
By FRANKLIN B. MORSE.
PACIFIC SPORTS SERVICE

NEW YORK, Nov. 22.—Promoters of wrestling bouts here are wondering whether or not the public says what it thinks and does what it says. For some time past there has been more or less hue and cry against the alleged cruelties and brutalities of the headlock, body scissors and toe hold. It will be remembered that Joe Stecher last year spent some time in a hospital as a result of getting his cranium into the vicious headlock as applied by Strangler Ed Lewis. Those who have watched Stecher are aware of the crushing power of his legs when locked about the body of an opponent. The Zyzsco brothers are adepts at applying the racking toe hold.

In the light of this seeming opposition to these holds those who have control of the game here sought to modify the sport by either barring these holds or stipulating they should not be used unless it was obvious their application was to be directly instrumental in gaining a fall. In other words, they were not to be applied merely as a means of torture in the hope of making an opponent cry quite through sheer pain.

Recently the wrestling season was opened here with Strangler Lewis as the main attraction with his headlock barred. The result was that only a comparatively slim attendance was on hand to watch the bout, and the promoters suffered peculiarly. Now the question arises, is this to be the state of affairs in the event that each of the stellar wrestlers is forbidden the use of the hold in which

he has specialized and become an expert?

San Francisco, which has become the center of the wrestling game since the defection of bowling, has been fairly well educated up to its ears in the contests through the efforts of Promoter Frank Schuler, who is to this sport what James W. Corbett was to the boxing game. Schuler has wisely elected to stage no contest rather than to put on matches that are not likely to please his patrons. Incidentally his patrons have raised no objections to the holds enumerated above.

Quite the contrary. The matches which the writer has attended in San Francisco have been punctuated by the shouts of the spectators urging the wrestler to make use of the hold for which he is famed. In other words, it is more than likely that a San Francisco audience would be disappointed if Lewis did not exhibit his headlock, Stecher his body scissors or Zyzsco his toe hold. Under the circumstances there does not seem to be any likelihood that any restrictions will be placed on any of the holds as far as the Pacific coast is concerned.

As a matter of fact, a wrestler such as Lewis would be at a distinct disadvantage with respect to the showing he would make if debarrd from the use of his headlock. He has specialized to such an extent on this particular hold that it has really become his one sure means of gaining a fall. It is not unlikely, however, that the barring of cruel holds would develop more versatility among our mat performers.

SPORTS CHATTER
By BILL UNMACK
PACIFIC SPORTS SERVICE

The sprinting records made this year by Charlie Paddock are due to come under the microscopic eye of the A. A. U. records committee at the annual meeting of the national body at Chicago this week. Notable among a whole flock of records by Paddock are his 100 yards in 9.3-5 and his 220 in 20.4-5, both made at Berkeley, Cal., March 26, last. There is no question on these records and if the A. A. U. fails to pass them explanations will be due.

It is not generally known that many athletes, and particularly professionals, have done 9.3-5 for the century or better. Also Arthur Duffy, Howard Drew, Dan Kelly are amateurs with this mark. The fastest hundred recorded is 9.1-4 made by Harry Seward, professional, at Hammersmith, England, but there has always been doubt on this mark. It was made September, 1844, and was said to have been run downhill. The recognized world professional mark is 9.3-8 seconds made by Jack Donaldson, the famed Australian speedburner, at Johannesburg, South Africa, February 12, 1910. Charlie Holway, another American, ran second to Donaldson and, incidentally, at Wigan, England, October 23, 1909. Holway was credited with 9.3-5. Donaldson is also credited with 9.3 in Australia in 1911. A. B. Postle, another Australian professional, has been credited with 9.1-5 in Australia, but the mark has never been verified or vouched for properly. E. S. Donovan at Brockton, Mass., Sept. 2, 1895, is credited with 9.1-4, but here again definite endorsement is lacking.

Old-time professionals are keen in their belief that the sprinters of

their ranks were better than the amateurs past or present, and the fact that more professionals have times of 9.4-5 or better would indicate their contention over the claims of the amateur.

It is not generally known that Charlie Samuels, an Australian aboriginal colored man was, in his day, one of the greatest sprinters turned out in the Antipodes. He has a record of 9.4-5 and did this not once but several times.

Though recognized as one of the lowest types of the human race, mentally, the Australian aboriginals like all rules have exceptions, and it is a strange fact that a number of the more mentally bright men from that country were athletes of remarkable caliber. Besides Samuels can be mentioned Jack Marsh who attained international fame as a cricketer. He was one of the fastest bowlers who ever played the game. Jerry Marshall was a featherweight boxer in the days of the famous Griffo, and in a match between the pair the black man was winning hands down when the Griffo supporters wrecked the ring and positively saved the idol from a knockout. Jerry Jerome is another black man who achieved great fame in the roped arena in Australia and fought twenty-round contests with such famed American boxers as Eddie McGorty, Jimmy Clabbe and others when they were in their prime and only lost the decisions on the closest of points. Jerome was more than forty years old when he fought these men, and he was also a remarkable all-round athlete, being noted also as a sprinter and a swimmer.

REAL GENEROSITY

A couple of Yankee deacons were talking of a prominent citizen of whose liberality there had always been considerable difference of opinion. "Well," said Deacon Diggs, "I have always held that Brother Brown was one of the most charitable men in this town. For instance, I have never known him to refuse to lend his plug hat to anybody who asked him for it."

CAN'T STOP THIS JUDGE

BEAUMONT, Tex.—Despite the fact that the city jailer was absent when court was called, Judge J. D. Campbell was not delayed in holding court here. He had the docket carried from cell to cell and tried the cases in that manner. However, it was necessary for the "not guilty" ones to wait behind the bars until the jailer returned.

'THREE MUSKETEERS' WILL BE SHOWN FOR FOUR DAYS

Douglas Fairbanks Feature to
Be Given at Glendale and
Large Crowds Expected

Everybody in Glendale is going to have the opportunity to see "The Three Musketeers"—with Douglas Fairbanks.

Through a fortunate happenstance Manager William A. Howe of the Glendale Theatre is enabled to present this feature one day earlier than scheduled, making a four-day run here this week.

From the advance sale of seats at the lowest prices compatible with the contracts covering the exhibition rights, it is believed that the Glendale Theatre will be crowded both matinee and night.

When Fairbanks filmed "The Three Musketeers," he fulfilled the ambition of his life. Undoubtedly no vehicle is so typically Fairbanksian or offers so fine an opportunity to play upon the entire gamut of things historic as does this, his sixth United Artists' Production.

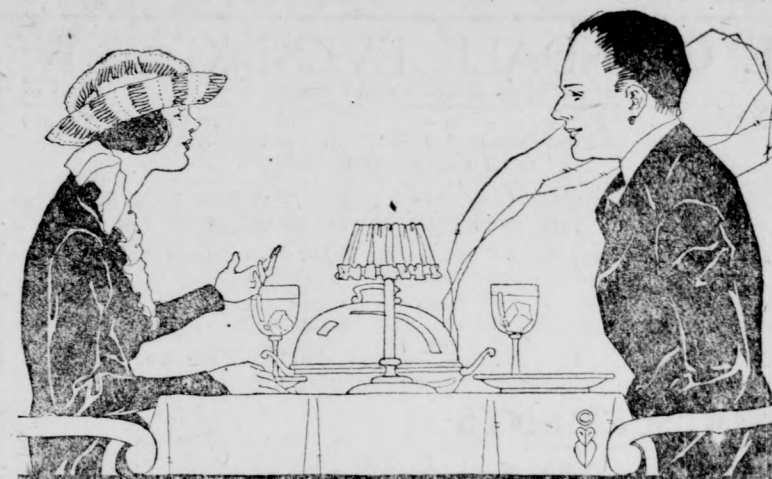

Based Upon Novel

The film version of "The Three Musketeers" is based not only upon the famous novel of Alexander Dumas, but also upon the memoirs of D'Artagnan himself. In fact, much of the material upon which the "business" of the photoplay is built, much that gives it the human touch, was found in D'Artagnan's memoirs and not in the novel, although it was from the Dumas' story that the foundation stones for the picture plot were obtained.

VETERAN 99 YEARS OLD

GENEVA, N. Y.—Samuel T. Lawrence of Rochester, doubtless is one of the oldest living civil war veterans. He is ninety-nine years old and served from 1861 to 1865 in the union forces. This old veteran annually attends the reunions of his old regiments, the Fifteenth and Fiftieth, Army of the Potomac. He recently attended the fifty-first annual reunion held in this city.

Absolutely safe as investments, a beautiful place for a home, and the income from fruit will take care of taxes, and interest, and then some. These acres are a stone throw from a new residential allotment, and present a real opportunity at the price.

W. E. Palmer Says Local Garage Did Not Act Squarely

W. E. Palmer of 638 East Broadway, has had the experience of being held up—in two ways—one with a gun, the other, with a pencil, he says. He prefers the man with the gun as he only takes what you have in sight.

"The man with a pencil takes all you have in sight and compels you to go home where you can tell your wife, while, when a man robs you with a gun you can tell a policeman," he declared.

Last Friday, about 4 p. m., Mr. Palmer states, he stopped his truck opposite a garage in Glendale, and asked the owner of the garage what his charge would be to grind the valves on his Kelly truck. The man replied:

"Oh, only about \$4 or \$5. That is a small job."

Palmer says he left the truck Saturday for the operation, but instead of \$4 or \$5 he found a bill hanging on "Kelly's headlight" for \$39.40—almost eight times the amount he had contracted to pay.

Palmer says there was an itemized list "longer than the Declaration of Independence" of work done which was not ordered by him—and after being told that about \$4 or \$5 would be the price he would have to pay.

"That's why I say Roy Gardner is not the biggest robber in the world today," declares Palmer.

"What protection has a man against this kind of robbery? If possession is nine points of the law, they have your car and you have their bill."

AVOID BLIND ALLEYS
The young man of today does not have to follow the job his father had unless it's the job best suited for him. The wise youth finds out what most appeals to him, and then sees to it that he's the best fellow in that business. Such fellows rise to success in spite of handicaps. Then the world wonders and applauds. It's folly to remain cooped up with limitations when you might just as well be enjoying the fullest liberty. If by chance you get into a blind alley see to it that you get out at once.

SURE REMINDER

Perhaps the most original suggestion for a reminder was that of the little boy whose grandmother had forgotten his birthday present the year before. She wished to know what she could do in order that she should not forget it again. "You might put your teeth in upside down," said the boy.

MARRIAGE A LA MODE

"Marriage a la Mode," a series of six paintings by William Hogarth (1697-1764), were acquired in 1824 by the National Gallery in London. The paintings depict, with rare satire, a variety of occurrences in the high life of the time. They are generally considered to be the artist's masterpiece.

MATERIAL INCREASE FOR DEPOSITS IN SAVINGS BANKS

Government Reports Show Big Gains; Sale of Municipal Bonds Showing Growth

By U. S. Press Association.
WASHINGTON, Nov. 22.—The report from the comptroller of the currency shows that savings banks deposits materially increased during the last fiscal year. Stagnated industry, business depression and growing unemployment under ordinary circumstances would be expected to reduce the savings deposits, but they did not. Returns from 623 mutual savings banks, located principally in New England and the eastern states, show that, on June 30, 1921, these institutions held deposits amounting to \$5,575,181,000, credited to 9,619,260 depositors. One year previously the same banks had deposits of \$5,186,185,000 and 9,445,327 depositors. This June the average deposit was \$579.59 and a year ago it was \$549.14.

According to these figures, there was a gain of \$388,336,000 in the deposits of these banks and a gain of 173,933 in the number of depositors during the fiscal year. In the same period there was a gain of \$30.45 in the average deposit.

Bonds and Unemployment
More than \$60,000,000 in municipal bonds have been sold recently, in thirteen states, and more than \$31,000,000, in addition, have been offered for sale. Besides, \$10,000,000 in state bonds have been sold, and an equal amount have been offered for sale. These statistics are made public by the president's conference on unemployment. They were compiled as part of the study which is being made regarding public works, and the possibility for hastening their construction to relieve, in some measure, the nation's heavy rate of unemployment.

A wider variance of rate was shown in the municipal bonds. These ranged from 4 per cent, as in the Chicago issue of \$1,500,000 for park improvements, to 7 per cent, for the \$1,000,000 in school bonds being offered at Hibbing, Minn., but the majority were 6 per cent bonds. Public works which it is hoped will be erected or extended by these municipal bonds include highways, forest reserves, schools, sewers, filtration plants, water works, hospitals, parks, bridges, lights, parking, court houses, fire department and police department equipment, streets and sidewalks, beach improvements and memorial playgrounds.

Choosing Federal Aid Roads
Requirements as to how each state shall select its federal aid roads constitute the principal new feature of the federal highway act, enactment of which has just been completed, as differentiating from the federal aid act of 1916, according to an analysis of the bill by the federal farm bureau federation. To secure part or all of its allotment of the \$75,000,000 of federal funds appropriated for road construction, for the remainder of the fiscal year, a state must select a connected road system not exceeding 7 per cent of its entire road mileage for improvement with federal aid.

Two Classes of Roads
The new federal aid roads act provides for a system to be divided into two classes of roads, one consisting of interstate roads, which shall not exceed three-sevenths of the system selected, and upon which not more than 60 per cent of the state's allotment can be expended without the joint approval of the secretary of agriculture, as administrator of the act, and the state highway department. The other class, consisting of inter-county roads, will compose the balance of the system, and receive the remainder of the allotment. The amount of federal aid received on any project, however, is not to exceed 50 per cent of the estimated cost, except in states where more than 5 per cent of the area is unappropriated public land, this latter provision increasing the percentages in ten states, ranging up to 77 per cent in Utah. Where any state fails to properly maintain a federal aid after ninety days' notice, may maintain it out of the state's allotment and refuse approval of new projects until reimbursement is made by the state.

GATES IN A ROMAN CAMP
The "praetorian gate" was the name of the front gate in a Roman camp. It was always the gate that faced the enemy. Every Roman camp had four gates. The "decuman gate" was opposite to the praetorian gate, and was the farthest from the enemy. The gates on the right and left sides of the camp were called respectively the porta principalis dextra and the porta principalis sinistra.

INCORPORATED BUSINESS
An incorporated business is one that is owned by a corporation, as distinguished from one owned by an individual or a partnership of individuals. In an incorporated business liability for debts extends only to the property owned by the corporation, whereas an individual doing business in his own name is responsible to the full amount of his possessions.

THE FIRST LAUGH
Some authorities say that the first laugh wasn't a laugh at all, but an exclamation of triumph. Prehistoric man, having emerged victorious from an encounter with his neighbor, emitted the sound "ha" to express his satisfaction and relief, and from this first "ha" our laugh has grown.

MILO WHEAT
Let all in Glendale understand That MILO WHEAT has great demand.—Advertisement.

Mrs. Bert Ward Gives Afternoon for Section

Mrs. Bert Ward of 451 West Myrtle street was hostess yesterday to the members of the Shakespeare section of the Tuesday Afternoon club. From noon until 2 o'clock rehearsals were held for "Midsummer Night's Dream," which is to be presented before the Tuesday Afternoon club in the near future.

This was followed by the regular meeting of the section, at which time the study of the third act of Richard II was taken up. Mrs. J. E. Lyon conducted the discussion. Mrs. E. L. Young gave a very interesting history of the life of Richard II, and Miss Goldthwaite gave a history of the life of Christopher Marlowe.

It was decided that the members of the section and their families would go in a body to see "Julius Caesar," which is being played by Robert Mantell in Los Angeles next week.

Peter L. Ferry Sees a Vision; It's Big Idea

If you saw Peter L. Ferry, director of the Chamber of Commerce and erstwhile contractor, directing the construction of a boulevard or great reservoir—well, you wouldn't think this man of mules and men and wagons and work was a dreamer.

But Mr. Ferry does have a dream which he hopes to see come true. He proposes that Verdugo wash be tamed and trained in a cement cage which would be boulevarded on both sides. It is his idea that a thirty-foot channel with thirty-foot roadways of concrete would just about solve the problem of the wash.

Mebbeso, Mr. Ferry, but a half million dollar idea takes time to incubate.

Juvenile Costumes for Local Business Women

The Business and Professional Women's club of Glendale, of which Mrs. Margaret Biggs is president, will hold a social meeting tonight in the girls' gymnasium of the high school, after the class in gymnasium. The meeting will be in the form of a "kid" party, and members of the organization have been asked to come attired in juvenile costumes.

FROST PENETRATES EARTH

A shaft sunk at Yakutsk, Siberia, in the hope of finding water for the town, failed to penetrate below the permanently frozen ground, or "ground ice," even at a depth of 382 feet. In Alaska several shafts have been sunk about 200 feet, and one reached 365 feet without penetrating below the frozen ground.

Lynchburg, Va., is to have a malleable iron works plant with an initial daily capacity of six tons, a \$1,000,000 corporation having been formed for its erection.
